We have sold our city store together with the Cut Flower and Seed Departments, and shall devote our time exclusively to our Nursery and Greenhouses, which we shall operate chiefly from our nursery in Riverside, two miles east of Fort Worth. By eliminating most of our overhead expenses and selling strictly for cash, doing away with bookkeeping, bill collectors, heavy office expenses, bad accounts, agents and solicitors salaries and commissions, we are able to cut down expenses to a minimum. We grow our own trees and plants in our own fields and greenhouses. Altogether we effect a saving of from 40 to 60 per cent, which we can pass on to our customers. A comparison of our prices with those of other nurserymen will convince any one that we give better values at cheaper prices. We always invite inspection. Trees differ much in quality, and when our trees are compared with those of other nurseries, we usually secure the order.

TIME TO PLANT from November 10 to April 1.

PLANT FRUIT. There is less fruit grown in Texas now than there was twenty years ago, and the demand has more than doubled. Hence fruit has sold at high prices and fruit growers have made good money. Now that trees have gotten down to a reasonable figure again, fruit growing should be very profitable to the man that plants early.

ORDERS FOR CUT FLOWERS, SEEDS, ETC., should be sent to the Baker Floral Co., 1013 Houston Street, Fort Worth, Phone Lamar 950. Night phones, Rosedale 25 or Rosedale 2978.

TERMS: Cash with order. We deliver our trees in good condition to the transportation companies, but do not give any guarantee as to their safe delivery or as to their growing. All prices f. o. b. Fort Worth.

RELIABILITY. We are members of the American Association of Nurserymen, and no one can obtain or retain membership in it who is not honorable and fair in his dealings. Address

### Ornamental Department

We have probably the best lot of ornamentals in the Southwest, and are offering them at lower prices than for several years. In large quantities we can make special price. We have a good supply of extra large evergreens, shrubs and shade trees for quick results in landscape work. Any one needing a good supply of large stock in great variety, for parks, cemeteries or private estates, should send a representative to see our stock and get special prices.

#### SHADE TREES

Good shade trees are scarce this season, but we are offering exceptionally low prices as a comparison of our prices with those of other nurseries will prove.

#### FLOWERING SHRUBS

Shrubs are being used in such quantities now. that we can offer them cheaper than ever before. Planters should avoid many of the kinds used in the North, and should plant chiefly the kinds best suited to the South, most of which are included in the following list. There is nothing in the North to compare with our crepe myrtle for gorgeous blossoms, and nothing, perhaps, is so useful as our ligustrums or privets.

Price, except where noted, 1-yr., 40 cents each; \$4.00 dozen; 2-yr., 60 cents each; \$6.00 per dozen.

Abelia (See Evergreens).

Amorpha Canescens.

Berberries, several kinds. Butterfly Bush, small plants, 40 cents,

Buckeye, vellow.

Caragana, Siberian pea shrub. Ceanothus, neat, low growing shrub. Cephalanthus, Button Willow.

Chilopsis, purple flowering willow.
Chilopsis Alba, white flowering willow.

Corchorus (Kerria).

Crape Myrtle, undoubtedly the best shrub for Texas. We have a fine stock of White, Pink, Crimson, Purple and Dwarf Blue.

Crataegus Pyracantha, \$1.00 each.

Cydonia Japonica, Japan Flowering Quince.

Deutzia, several varieties.

Exochorda, Pearl Bush. Eunonymus Alatus.

Forsythia, Golden Bell, several varieties.

Genista, Scotch Broom.

Honeysuckle Bush, several varieties. Hypericum, Gold Flower. Hypericum Disselflorum.

Hydrangea Paniculata Grandiflora, \$1.00.

#### EVERGREENS

There is a decided revival of interest in evergreens, and the demand for them is greater than we have ever known it before. Not only are they useful as single specimens on the lawn, but now they are being planted extensively in groups and masses in the background and borders of the and masses in the background and borders of the landscape and also around the house, giving the mass effect of shrubbery not only in the summer but also in the winter. This style of landscape planting is very popular in the North, and is sure to become more so in the South where we have a finer list of evergreens that succeed here. Besides having a fine lot of junipers, cypresses, arbor vitaes, cedars, pines, etc., we have a big variety of broad-leafed evergreen, such as mag-nolias, Southern laurel, box, photinias, abelias. trumus in several different kinds.

Our evergreens this year are magnificent, doubtless the finest in the Southwest. Many of them are too large to ship by express or freight, except in carload lots, as the very large ones should be shipped with a heavy ball of dirt around the roots "balled," as we call it. Parks, cemeteries and private estates needing large lots should send a man here to make selections. There is a special cheap freight rate on balled evergreens.

ABELIA, grandiflora, a beautiful evergreen, and a beautiful flowering shrub that blossoms al-most constantly from April to November. This is the first time we have had sufficient stock is the first time we have had sufficient stock to offer cheap. Strong bushy young plants, 10-12 inches, 50 cents each; \$5.00 per dozen. Large plants, \$1.00 to \$2.00 each.

BOX TREES, sheared specimens, 18-inch, \$2.00 each; 2-ft., \$3.00 each;  $2\frac{1}{2}$ -ft., \$5.00 each: 3-ft., \$7.50 each.

BOX TREES, natural specimens, 12-inch, 50 cents; 15-18-inch, 75 cents; 18-24-inch, \$1.00 to \$3.00 each.

CEDRUS DEODORA. We have a fine lot coming on for another year, but none to offer now except very large trees, 12 to 18 ft. high, \$30.00 to \$50.00 each.

CYPRESS, Italian or Cupressus Pyramidalis, tall slended upright grower; very rare; 2 ft., \$2.00; 3-ft., \$3.00; 4-ft., \$4.00; 5-ft., \$5.00.

CYPRESS, Arizona. The prettiest evergreen we have ever grown. It retains its lovely bluish fresh tint, and continues to grow vigorously all through the extreme drouth through which we are now passing (Nov. 8, 1921); 12-15-in., \$1.00; 15-18-inch, \$1.50; 3-ft., \$4.00; 5-ft., \$6.00; 6-ft., \$7.50 to \$10.00 each.

EUONYMUS Japonicus. The best all-round broad leaved evergreen for this section, suitable alike for individual specimens, mass planting, hedge or sheared tub plant. Much superior to any of the privets for a hedge, and we are offering them so cheap that they can be used for hedge planting. 2-ft., bushy, \$1.00: 18-20-inch, 50 cents; \$5.00 per dozen; \$35.00
